**To the Board of Directors
SilverCreek Water and Sanitation District
P.O. Box 4014
SilverCreek, CO 80446**

We have audited the financial statements of SilverCreek Water and Sanitation District for the year ended December 31, 2018. Professional standards require that we provide you with the following information related to our audit.

Qualitative Aspects of Accounting Policies

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by SilverCreek Water and Sanitation District are described in the Notes to the Financial Statements. There have been no changes in significant accounting policies or their application during 2018. We noted no transactions entered into by the governmental unit during the year for which there is a lack of authoritative guidance or consensus. There are no significant transactions that have been recognized in the financial statements in a different period than when the transaction occurred.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. The most sensitive estimates affecting the financial statements were:

Estimated useful lives for depreciation on fixed assets: Management's estimate is based on industry practice and experience. We evaluated the key factors and assumptions used to develop the useful lives used in determining depreciation and found that it is reasonable in relation to the financial statements taken as a whole.

Estimating allowance for uncollectible receivables: Management's estimate is based on industry practice and experience together with actual collections history since year-end. All were considered to be collectible at December 31, 2018.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Member: American Institute of Certified Public Accountants

FRISCO: (970) 668-3481

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that are trivial, and communicate them to the appropriate level of management. Management has corrected all such misstatements.

Disagreements with Management

For purposes of this letter, professional standards define a disagreement with management as a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

As is required in an audit engagement we have requested certain representations from management that are included in the management representation letter.

Sincerely,

McMahan and Associates, L.L.C.
