**To the Board of Directors
SilverCreek Water and Sanitation District
P.O. Box 4014
SilverCreek, Colorado 80446**

We have audited the financial statements of SilverCreek Water and Sanitation District for the year ended December 31, 2020. Professional standards require that we provide you with the following information related to our audit.

Qualitative Aspects of Accounting Policies

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by SilverCreek Water and Sanitation District are described in Note II to the audited financial statements. No new accounting policies were adopted and the application of existing policies was not changed during the year. We noted no transactions entered into by SilverCreek Water and Sanitation District during the year for which there is a lack of authoritative guidance or consensus. There are no significant transactions that have been recognized in the financial statements in a different period than when the transaction occurred.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. The most sensitive estimates affecting the financial statements were:

- Estimated useful lives for depreciation on capital assets: Management's estimate is based on industry practice and experience.
- Estimating allowance for uncollectible receivables: Management's estimate is based on industry practice and experience together with actual collections history since year-end. All were considered to be collectible at December 31, 2020.

We evaluated the key factors and assumptions used to develop these estimates and found them reasonable in relation to the financial statements taken as a whole.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Member: American Institute of Certified Public Accountants

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that are trivial, and communicate them to the appropriate level of management. None of the following misstatements detected as a result of audit procedures and corrected by management were material, either individually or in the aggregate, to the financial statements taken as a whole.

Disagreements with Management

For purposes of this letter, professional standards define a disagreement with management as a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

As is required in an audit engagement we have requested certain representations from management that are included in the management representation letter.

This report is intended solely for the information and use of the Board of Directors, management, and others within the organization and is not intended to be, and should not be, used by anyone other than those specified parties

Sincerely,

McMahan and Associates, L.L.C.
